Summary

I'm a Canadian UX designer that uses their passion for human-centered design to solve business problems. My background as a developer allows me to prototype designs quickly and work cohesively with dev teams. I learn new systems and processes quickly, accurately and excel at the work I undertake.

Skills/Abilities

Adobe CC, Sketch, Figma, JavaScript, HTML, CSS, Bootstrap, SCSS, PHP, REST, Wordpress, proprietary CMS, Shopify, JIRA, Git, Subversion, Agile, SEO, Hubspot, Mailchimp, MS Office

Experience

Frontend Developer & Web Designer @ Creative Circle, *Aug. 2018 – Jan. 2020* (Remote)
- Developed front-end prototype for custom sticker editor application
- Designed & built responsive designs for e-commerce clients
- CMS management & content creation for Shopify & Wordpress e-commerce sites
- Design & developed email marketing campaigns for real estate clients.

Front End Developer @ Bucket List, *Nov 2016 – Aug 2018* (Remote)
- Worked remotely with an Agile team developing SAAS application using Angular
- Development & design of company's marketing site built on Wordpress
- Managing marketing team with content creation: email newsletters, landing pages and blog posts.

Front End Developer @ Forge Media + Design, *Jan 2014 – 2016* (Toronto, Canada)
- On-going maintenance & Canadian localization work for Apple (Canada).
- Created websites from design hand-off, taking the projects into production.
- Localizing email newsletters while maintaining design and optimizing layout, accounting for HTML email browser & application limitations.

Front End Developer/Web Designer @ Site Nova, *Feb 2011 – Aug 2013* (Toronto, Canada)
- Client-facing role as sole designer & developer for a small team.
- Assessing client's business needs while doing wireframing/workflow planning
- Designing mock-ups in Photoshop then later writing HTML/CSS from scratch
- Email newsletter design, coding and lead list management

Education

Diploma, **Multimedia Design & Production Technician** @ Humber College, *2008 – 2010* (Etobicoke, Canada)
